

Integrated Systems Technology Academy of Engineering at Jack Britt High School

The **Integrated Systems Technology Academy of Engineering** provides students a hands-on approach to the technology of today's society. Students are enrolled in a rigorous pre-engineering curriculum centered around problem based learning with a focus on the development of critical thinking skills.

Required Courses

- Introduction to Integrated Systems Technology
- Microsoft Word and PowerPoint
- Integrated Systems Technology I
- Drafting I
- Principles of Technology I

Two of the Following:

- Integrated Systems Technology II Honors
- Drafting II Honors
- Principles of Technology II Honors

One of the Following:

- Integrated Systems Technology III Honors
- Drafting III Honors
