The Hour of Code Takes Place at South View High in Career and Technical Education Classroom

Pictured above is Mr. Chip Lucas presenting the Hour of Code Certificate of Completion to Mr. Brooks' IA31 Digital Media Students.

What is the Hour of Code? It is a global movement by Computer Science Education and Code.org reaching tens of millions of students in 180+ countries through a one-hour introduction to computer science and computer programming.

The Hour of Code takes place each year during Computer Science Education Week. The 2017 Computer Science Education Week was observed during the week of December 4-10, 2017.

During this week, various Career and Technical Teachers at South View High helped mentored their students as they completed The Hour of Code in their classrooms. These teachers were Mr. Brooks, Ms. L. Johnson, and Ms. Williams.

After each student completed their Hour of Code Activity, they were presented a Certificate of Completion either by their classroom teacher or Mr. Chip Lucas, Director of Career and Technical Education for Cumberland County School.

To learn more about the various coding activities students were able to select and complete during the Hour of Code, visit website: <https://code.org/learn>

Celebrating Community Service at the View

The FFA and HOSA students at South View High School provided community service in a very special way! After hearing that student and active FFA member, Connor McClenahan's mom was diagnosed with cancer and his family was facing a difficult Christmas, they wanted to support their friend in a special way.

Students donated monies and partnered with Purdie United Methodist Church and local businesses to help give the family a holiday filled with love, fellowship, and the warmth of community support.

On December 15, 2017, as part of the holiday fellowship and to honor #TeamASHLEY, students organized a celebration at Lafayette Bowling lanes. The guest of honor was Mrs. Ashley Linden, Connor's mom. Together with her family and the school community by her side, students presented Angel Tree gifts collected and a check for \$475.00. We are inspired by #TeamASHLEY!
